PROJECTS

Cofounder-Matcher

<https://github.com/AddyJaime/cohorty-frontend?tab=readme-ov-file>

Cofounder-Matcher in React.js and Python.

Cohorty is a modern web application designed to facilitate the tracking of courses, students, and assignments for General Assembly. This app streamlines administrative tasks, enhances staff and administrator visibility, and provides a centralized platform for managing academic data.

STRENGTHS

Multilingual Communication

Fluent in multiple languages (French, English, Spanish), enabling effective communication with diverse clients.

Problem-Solving

Strong problem-solving skills, able to debug and resolve complex issues efficiently.

Time Management

Ability to manage time effectively to meet deadlines in fast-paced environments.

Teamwork

Skilled in collaborating with cross-functional teams and working in Agile environments.
